
PUBLIC NOTICE

The City of Appleton has completed and submitted our service line materials inventory to the Minnesota Department of Health. The service line inventory is publicly available, and you can check the materials for your service line by visiting the Lead Inventory Tracking Tool (LITT) at <https://maps.umn.edu/LSL/>. You may also contact us at 320-289-1363. To complete the service line inventory our system reviewed available records, conducted property owner surveys, and conducted field inspections of service lines. As of 10/01/2024, our service line inventory includes 13 service lines containing lead material, 32 service lines composed of (all or in part) galvanized steel material requiring replacement, 623 service lines composed of (all or in part) unknown material, and 121 entirely non-lead service lines.
